CONFER ON MEXICAN SITUATION

GOVERNORS OF
TEN STATES
TAKE ACTION

(By Associated Press)

Chicago, Dec. 5.—Efforts of Governors of at least ten states to have sufficient coal mined to provide for domestic consumers and absolutely essential industries marked the progress today of the strike of coal miners. Restrictions have been placed on consumption of fuel throughout the country from New York City to the Rocky Mts. as the general situation of the mines showed virtually no improvement and the miners maintained their attitude of hostility towards the proffered 11 percent wage increase. Additional industries faced shut down and more drastic rationing rules for cities that would bring them on a parity with Chicago and Kansas City were in prospect. The strike supervision of the use of fuel and power first order at Kansas City today was surpassed at Chicago which went on a 6-1-2 hour business schedule. At the mines, the situation generally was unchanged. A small addition to the production was looked for, however, when Oklahoma pits would effect the volunteer operation of mines under troop protection.

ABANDON
THE HEATING
OF TRAINS

(By Associated Press)

New York, Dec. 5.—New York subway and elevated riding millions began this morning to carry their own heat with them as a coal conservation measure. Acting under orders of the public service commissioner, the subway and elevated managements abandoned for the rush period, their winter practice of heating trains. The explanation given was that when trains were crowded the passengers threw off enough bodily heat to keep each other warm. About 1,000 tons of coal a day will be saved.

PASSENGER
AND FREIGHT
SCHEDULE CUT

(By Associated Press)

Boston, Dec. 5.—A reduction of ten per cent in passenger and freight schedules was ordered today on New England railroads. It is effective Wednesday, Dec. 10th. The order which was issued by the Railroad Administration at Washington because of the coal shortage follows generally the order to middle western roads. The railroads entering this city began immediate revision of their schedules to effect the necessary changes by Wednesday. It was said that the policy would be to reduce only the trains of lesser importance to the public. For the present commuter service will not be distributed except at mid day. Freight readjustments will await the completion of the new passenger lists.

GARFIELD
RETURNS TO
WASHINGTON

(By Associated Press)

Washington, Dec. 5.—Fuel Administrator Garfield returned to Washington today from Williamstown, Mass., to take personal charge of the coal situation. After a conference with Asst. Attorney General Ames, he went to the White House to attend a Cabinet meeting. Dr. Garfield appeared to be optimistic. He said coal production was getting closer to normal although the stringency in the middle west was acute.

President and Senators Fall and Hitch-
cock Have Talk on Former's Resolu-
tion to Sever Diplomatic Relations
With MexicoALLIES MAY
USE PRESSURE
ON GERMANY

(By Associated Press)

London, Dec. 5.—There was a persistent rumor in the stock exchange this morning that the supreme council had threatened Germany that unless the final peace terms were agreed to allied troops would occupy Essen and Frankfurt. Up to this time, the market has not been affected by the report. Official announcement that Field Marshal Wilson had gone to Paris in response to an urgent summons to consult Marshal Foch in connection with the peace treaty is regarded by some morning newspapers as of considerable significance. It is believed alongside of the address made in Glasgow last evening by Andrew Bonar Law, in which he said he believed the allies had the power and if necessary will exercise it to insure ratification of the treaty by Germany. No suggestion that steps to exert pressure on Germany be imminent.

SETTLEMENT
IS EXPECTED

(By Associated Press)

Columbus, O., Dec. 5.—Settlement of the coal strike in Ohio was very near today according to reports from the office of Gov. Cox at noon.

(By Associated Press)

Washington, Dec. 5.—President Wilson will see Senators Fall, republican of New Mexico and Hitchcock, democrat, of Nebraska at 2:30 p. m. today to discuss the Mexican situation. Senator Fall announced that immediately after the conference he would make public the evidence on which he based his charges in the senate that the Mexican ambassador and consuls in the United States were circulating red propaganda. Senators Fall and Hitchcock were named a committee yesterday by the senate foreign relations committee to confer with the President to seek his views on the resolution of Senator Fall requesting that the President sever diplomatic relations with the Mexican government. The Hitchcock substitute proposing that congress assure the President of its support should he decide to break with Mexico also will be presented to the President. Senator Hitchcock, it was learned at the White House communicated with Secretary Lansing late last night regarding the conference and said it was not necessary that the President see the senators immediately, but the President decided to have the conference today. The senators will go to the white house after the President's cabinet has held a special meeting at which the Mexican situation will be discussed. The meeting was called today by Secretary Lansing who spent nearly two hours

before the foreign relations committee yesterday, discussing the Fall and Hitchcock resolutions and the Mexican situation generally. The request of Senator Hitchcock that the President see the senators was referred to Mr. Wilson and approval of the conference was given by Rear Admiral Grayson, the President's personal physician.

Washington, Dec. 5.—The Foreign Relations Committee will not meet until Monday to receive the reports of the Senators as to the President's views on the Mexican situation. Decision to have the Senators visit the White House was reached by the committee after Secretary Lansing had told it that the President had not been consulted in the present diplomatic exchanges with Mexico regarding the Jenkins case. Immediately after arrangements were made for the conference Senator Fall began assembling the evidence on which his charges against the Mexican government representatives were based and preparing an abstract for presentation to the President. The Senator plans to take all the evidence to the White House so that it may be available for the President should he ask for it. Although private advice received here yesterday said Carranza was preparing his reply to the latest American note, renewing the request for Jenkins release, State Department officials stated today they had received no official information on the subject.

TAKEN TO ELLIS
ISLAND FOR
DEPORTATION

(By Associated Press)

New York, Dec. 5.—Alexander Barkman and Emma Goldman, his companion in thirty years of anarchistic activities was sent from the mainland of the United States probably never to return. Ordered deported for urging overthrow of the government by violence they were taken by ferry from Manhattan to the immigration station at Ellis Island where they will be held until a ship is available to send them to Russia from where they came. Their liberty on bail expired when they were surrendered by their counsel at the demand of the department of labor. Harry Weinberger, counsel for Barkman and Miss Goldman received a letter today from the commissioner of immigration denying the request that his clients be permitted to select their own destination and pay the expenses of their deportation.

COUNCIL STILL
CONSIDERING
TEXT OF NOTE

(By Associated Press)

Paris, Dec. 5.—The Supreme Council of the Peace Conference this morning considered further the note to be sent to Germany regarding the signature of the protocol to the peace treaty but did not complete the document. The meeting held by the Supreme Council yesterday with Marshal Foch and General Weigand, the Marshals' assistant in attendance has provoked a great amount of speculation as to military action across the Rhine in case Germany does not reply satisfactorily to the final note regarding the protocol. The American troops on the Rhine now number about 12,000 men. No question has as yet arisen whether they would participate in any action undertaken by the French and British. The plan for action against Germany drafted by Marshal Foch last June mentioned in the dispatches was ready for putting into effect in case the Germans had finally declined to sign the peace treaty. It contemplated a rapid advance into Germany from the occupied zone by the British, American and French armies. A drive of from 30 to 60 miles in depth all along the allied line was contemplated. Cavalry was to have been employed together with armored cars to protect the infantry which were to have been rushed forward in motor trucks in a dash that would have been. It was predicted, broken all records for a rapid military advance.

(By Associated Press)

Laredo, Texas, Dec. 5.—Permits to cross the boundary into Mexico heretofore issued by the Mexican consul at one point and good for all other border towns have been revoked, and beginning today they must be issued at each town according to an announcement at the American consulate. This, it is said, will work a hardship on American salesmen visiting both sides of the border. The consulate gave no reason for the new regulation.

START TOMORROW AND KEEP IT UP EVERY MORNING

Get into the habit of drinking a glass of hot water before breakfast.

Millions of folks bathe internally with drugs. "What's an inside bath?" you say. Well, it is guaranteed to perform miracles, according to hot water enthusiasts.

There are vast numbers of men and women who, immediately upon arising in the morning, drink a glass of hot water with a teaspoonful of limestone phosphate in it. This is a very excellent health measure. It is intended to flush the stomach, liver, kidneys and intestines of the previous day's waste, and to give the body a new start.

People who feel good one day and bad the next, but who simply can not get going right in the morning, should take a quarter pound of limestone phosphate at the drug store. This will cost very little but is sufficient to make anyone a real crank on the subject of internal sanitation.

KITTERY POINT

Kittery Point, Dec. 5.—The Ladies Aid Society of the Free Baptist church held its annual Christmas sale and entertainment in the vestry on Thursday evening. The tables were tastefully decorated with red and green crepe paper, representing the Christmas colors and contained aprons of all styles, fancy work, parcel post packages, candy and cake, which found ready sales. The ladies in charge were Mrs. Frank Gethell, cake and candy table; Mrs. Roy Witham, Mrs. Wilton May and Mrs. Abram Tobey, aprons and fancy work; Mrs. Melvin Blake, parcel post table. Later in the evening a drama was given entitled "Twelve Old Maids" which afforded much amusement. Piano solo, Bernice Phillips, vocal duet, Mrs. Osgood and Mrs. Tobey; Piano Duet, Misses Kathlyn Tobey and Helen Woodbury concluded the entertainment. The affair was a great financial success. Much credit is due the ladies in charge who so ably looked after their duties.

Mrs. Charles C. Dodge and Mrs. Fred Souver of Salem, Mass., were visitors in town on Thursday calling on friends. The Riverside Reading club will entertain the teachers and parents and all those who are interested in school affairs at the vestry of the 2nd Christian church this evening.

Mrs. Elmer Moulton and little daughter Frances returned to their home in York today after spending several weeks in this place.

The Ladies Sewing Circle of the Congregational church will hold its annual Christmas sale and entertainment at the Community House on December 10.

WEST WANTS EAST TO SHARE ITS COAL PILE

(By Associated Press)

Washington, Dec. 4.—The country as a whole is now involved in a coal rationing measure that had been proposed by the Fuel Administration to curb out the shortage of soft coal owing to the national wide strike of the soft coal miners.

The flow of appeals to the newly re-established Fuel Administration was general and the Middle West, where the coal shortage is more acute, demanded that the Eastern seaports and New England industries be made to share their supply of coal with those who had no coal and that they be made to live up to the same fuel and power restrictions as were in force in the Middle West.

In the meanwhile the responsible heads of the coal mine owners announced that they had agreed to pay the miners an additional 11 cents a ton, based upon the Ohio vein area and thereby fixing a scale for the entire country. They stated that this more-

than met the proposal of Fuel Administrator Garfield for an advance of the miners of 14 per cent without any increase in the price of coal.

Columbus, O., Dec. 4.—An effort to settle the coal strike so far as the state of Ohio is concerned is to be made by Governor Cox who called a meeting of the miners and operators of Ohio at the state house at 11 o'clock tomorrow morning.

SENATE TO CONSULT PRESIDENT

(By Associated Press)

Washington, Dec. 4.—Steps to obtain a personal interview with President Wilson before framing the Senate policy on the strained relations of the United States with Mexico, was decided today by the Senate. Foreign Relations committee state that is the course of his talk he admitted that because of the President's illness he had not been consulted by the State Department in the present developments in Mexico.

At the White House tonight the President's physician Rear Admiral Grayson said that he saw no reason why the Committee representatives could not see Mr. Wilson tomorrow if there was any urgent necessity of it. The Foreign Relations committee postponed action on the resolution, requesting the President to withdraw diplomatic recognition of the Carranza government, until the interview with the President.

Avoid Battery Troubles this Winter

Store Your Battery with Us

Let Us Save You From Storage Battery Trouble This Winter
IF YOU LAY UP YOUR CAR

You should store your battery with us. We will keep it charged and warm and filled with distilled water. We will prevent it from freezing and from undue deterioration and loss of capacity. Our fee is only two or three cents a day, and you have the best possible assurance that your battery will be in a sound, healthy condition in the spring.

IF YOU DON'T LAY UP YOUR CAR

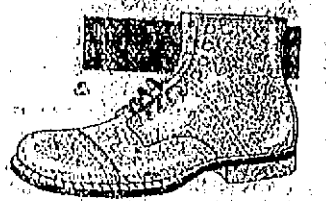

remember, that batteries and cold weather do not agree. Keep your battery fully charged, or it will freeze and be ruined. Do not work it to death, and come in to see us often so that we may inspect it and warn you of possible trouble. This service is free, and it may save you money.

IF YOU ARE UNABLE TO BRING

your battery to us, our service men will call for it at once without extra charge.

Refuse to Be Stampeded.

After the lapse of more than a year from the time the war, in all but the technical sense, came to an end it is distressing to reflect that the situation in the coal mining industry is such as to necessitate restrictions on the use of coal "more stringent even than those applied during the war," as a dispatch from Washington puts it. Beyond this, the people are asked to endure privation and discomfort until coal mining can be resumed on reasonable terms.

The government has taken what appears to be a proper stand in this matter. Attorney General Palmer calls upon the people of the country to "refuse to be stampeded by threats of lack of coal into concessions which will insure unreasonably high prices on all commodities for at least three years to come." He is opposed to further conferences, saying that Fuel Administrator Garfield has equalized the average miners' wages with the present high cost of living without increasing the price of coal. This, he claims, is fair to the miners and protects the public. The Attorney General says that any settlement brought about by a conference would run three winters, which would go far toward maintaining the high cost of living for substantially three years.

None but the profiteers want any such conditions as that. What the people are hoping for is a reduction in living costs—a return to something at least approaching normal conditions, and this can never be brought about by constant and unwarranted increases in wages, as every person blessed with common sense must know.

As is known, troubles caused by the coal shortage resulting from the strike have become very serious in some parts of the country, while there is no part in which the effects are not felt. In Kansas the situation is such that the state authorities are taking vigorous steps. The Governor has called for volunteers to work in the mines and large numbers are responding, among them being many workers and it is proposed to give the miners who are not ready to accept reasonable terms all the vacation they want.

In the meantime many industries, schools and places of amusement have been closed. This is not only unpleasant, but it entails serious business losses. It is an unwelcome and unwholesome situation, but the only way to avoid it was to bow to the dictates of an organization which appears determined to rule or ruin. Such attempts have never been popular in the United States, and it is to be hoped that the course mapped out by government and state authorities will be adhered to until it is made plain that this is still a government of the people, by the people and for the people.

Under the circumstances it is to be hoped and believed the people of the country will "refuse to be stampeded." As Attorney General Palmer well says, "The situation calls for the steady support by the public of the government's position as announced by Dr. Garfield." Such support will not be without its effect, and the effect will be to demonstrate that this country has not yet reached the point where it is unable to protect itself against unjust aggression from any quarter.

Hit the Chafffour Hard

Timothy P. Cornuff, chauffeur for Rear Admiral Dunn, commanding the First Naval District at Boston, was severely scored by Judge Thomas Dowd in the central court yesterday for alleged insult and failure to obey the orders of a state guardman on traffic duty at Massachusetts and Commonwealth avenue November 7. A fine of \$50 for the insult and one of \$25 for disobedience of the orders were imposed by the Judge. Cornuff appealed and was held in bail of \$400 after the court had refused to accept a navy lieutenant's automobile as surety for the bail.

WELL KNOWN COUPLE OBSERVE GOLDEN WEDDING

Mr. and Mrs. Edwin A. Stevens of Salmon Falls, well known in this city on Thursday celebrated the 50th anniversary of their marriage. The couple held a reception for nearly a hundred relatives and friends who had gathered from all parts of New England.

Mr. and Mrs. Stevens were married at the Baptist church in South Berwick on Dec. 4, 1869, by the late Rev. George W. Cole. Mr. Stevens was born in Effingham, N. H., on Dec. 27th, 1843, and came to Salmon Falls when a young man where he attended the public schools and was later graduated from Berwick Academy. Upon completing his education Mr. Stevens entered the employ of the Somersworth Machine Company and was advanced to superintendent of the stone foundry branch, a position he held for 37 years. He later established a coal and wood business which he has conducted successfully for 20 years. Mr. Stevens has held both town and state offices. He has been president of the Rollinsford Savings Bank for the past 25 years and at the present time is also president of the South Berwick Savings & Trust Company. He was in the Civil War and is one of the two surviving veterans in Rollinsford.

Mrs. Stevens was born in Dover and after graduating from Berwick Academy was for several years a teacher in the public schools of Rollinsford. The children of the couple, who assisted in the celebration were Christine E. Stevens and Mrs. Charles H. Wynter.

worth of South Berwick, Miss Carolyn T. Stevens of Plymouth, N. H., and Mrs. W. P. Norton of Nashua, Mr. and Mrs. Stevens are both enjoying good health and were busily engaged throughout the day receiving congratulations. They were the recipients of many gifts.

TOO FEW CIVIL SERVICE APPLICANTS.

The Civil Service Commission invites attention to the fact that in examinations held recently in cities throughout the country, including Portsmouth, N. H., for the positions named below, applicants were not secured in the number desired, and that the examinations will again be held on December 10:

Medical Internes, St. Elizabeths Hospital; veterinarians and lay inspectors, Bureau of Animal Industry; domestic science teachers, teachers and matrons, Indian Service; apprentices fish culturists, Bureau of Fisheries; physical laboratory helpers; clerks; proof readers; operators of calculating machines; card-punching machines (operators); distilling machines, graphotypes; addressographs, mimeographs. Examinations for the nine positions named last are for employment in the Departmental Service at Washington, D. C. Persons interested in these or other examinations should apply to the Secretary of the U. S. Civil Service Board at the local postoffice for detailed information and application blanks.

WHALEN WINNER CANOE PIN RACE ON SECOND LAP

At Portland, Me. on Wednesday evening, Jimmy Whalen from Cambridge, Mass. continued his big winning streak which started at Boston on Monday night, and led the field of canoe pin stars in the second lap of the 30-string New England (the match rolled at the Monument Square alleys, Portland. Whalen defeated Paul Punter of Dover, his nearest competitor, by 25 pins and now leads "Dutch" by 135 pins on the grand total of 20 strings. Punter displaced Peter Philo of Portland who finished second on the first lap and leads the Portland man for the first half by the narrow margin of 11 pins. Archie Walsh had hard luck at Portland and was low man. The third lap will be rolled at Quaker, Mass., on Monday night.

Following are last night's scores and the summary:

Whalen—140 106 119 109 101 90 88

KILONIS TRAINS FOR BOUT WITH KETONEN

Champion John Kilonis is training for his coming championship bout with Ketonen at George Belcher's New York gymnasium. Kilonis is now working out with Joe Stecher and several other wrestlers of prominence. Kilonis, will have some difficulty in making the 155 pounds agreed upon without weakening himself for the contest. He usually scales between 163 and 165 pounds and was allowed to come in around 165 when he took the title from Ira Dem. Since then Jdphi has been dictating catchweights for his title bouts but agreed to make 155 for Ketonen. The match is to take place at Manchester Monday night.

SERVE DIVORCE PAPERS ON MAN IN MAINE PRISON

Portland, Me., Dec. 5.—A libel for divorce, brought by Mrs. Leonard E. Wheeler of this city against Harvey E. Wheeler, otherwise known as Hutchinson, was served on him yesterday in the State Prison in Thomaston, where he is serving a sentence after being convicted on a serious charge.

The Wheelers were married Jan. 28, 1913, at Cape Elizabeth. The libelant claims he deserted her in 1916. The act of libel, alleged in the libel, is alleged to implicate Martha O'Malley.

POLICE PICK UP RUNAWAY BOYS

Been Gone From State Industrial School Since Tuesday.

Two runaway boys from the Massachusetts Industrial school at Shirley, Mass., Frank Johnson, 19, and Angelo Desalvo, 16, were picked up by the police on Thursday at Noble's Island. The boys have been gone since Tuesday and got as far away as Biddeford. They were on their way back to Boston and had been walking a good part of the way. An officer from that institution came here today and took the lads back to the institution. They admitted breaking and entering some place in Maine but did not remember the name of the town. The police say the break was made mostly in search of food.

A gentleman, accompanied by his wife, came into Margeson Brothers' store a few days ago and, addressing one of the salespeople whom he knew quite intimately, said: "We want an ivory bed room suite. Show us the cheapest thing you have in the house." Of course the request was complied with—but the low-priced suite wasn't wanted at all—they were just trying us out. When the purchase was completed, the finest ivory bed room suite on our floors had been selected, and was delivered the next day.

It is the policy of this store, as you doubtless know, to carry a line of furniture, ranging in prices from the cheapest that is good to the best that is made. In arranging this furniture, which consists of complete suites and odd pieces for every room in the house, we exercise care and judgment as to its proper display on our sales floors; but in no case will it show up here for more than a fraction of its worth compared with appearance when placed in the home.

CITIZENS!

Mr. ALBERT HISLOP and the Republican Ring, who CONTROL THE PORTSMOUTH TIMES, refuse to print the paid political advertisements of the Democrats:

They told us that unless they could censor our ads. and cut out all statements showing the extravagance, high taxes, and poor administration of city affairs by Hislop and his crowd, the advertising columns of their paper were barred to us.

WHY does Mr. Hislop want the facts about his administration of city affairs KEPT SECRET?

WHY IS HE AFRAID TO HAVE THE PUBLIC KNOW?

He claims that he is no "piker," but what do you think about it?

He says he believes in "fair play," but do you believe it?

He says he is going to be elected by 500 majority, but do you believe that he thought so HE WOULD BE A PARTY TO AN UNPARALLELED ATTEMPT TO MUZZLE THE PRESS?

Facts are stubborn things, and WHY DOES MR. HISLOP WANT THE FACTS about city affairs KEPT QUIET?

Don't you think the citizens are entitled to know the facts? This city belongs to you; you pay the bills, and IT IS YOUR MONEY HISLOP AND HIS CROWD HAVE BEEN SPENDING. Why shouldn't you know about it?

The Democratic party is going to see that you do, and if you WATCH THIS SPACE SATURDAY AND MONDAY NIGHTS you will see that THE RECORD OF MAYOR HISLOP and his crowd is one that entitles everyone of them to the smashing defeat they are going to get next Tuesday.

Mr. Hislop is rapidly acquiring an interest in almost everything in town, including moving picture theatres (where the high cost of living is very evident); he and his friends CONTROL A NEWSPAPER; they refuse to allow honest criticism of public affairs in that paper. How long will it be before they will want to tell you what you shall think?

REBUKE KAISERISM, maintain the right of a free press, and stand up for fair play BY VOTING THE DEMOCRATIC TICKET.

For Mayor—EDWARD P. SHERBURNE.

Councilmen at Large—Charles P. Carroll, John H. Grover, William J. Kennedy, Albert J. Rowe.

Ward Councilmen—Ward 1, Andrew J. Barrett; Ward 2, Thomas H. Palmer; Ward 3, Timothy F. Donovan; Ward 4, Fred A. Gray; Ward 5, Frank Connell.

Non-Partisan Board of Instruction—Helen N. B. Entery, Calvin Page, Fred N. Staten, Mary I. Wood.

SMASH THE RING!

(Signed) HARRY E. DOWDELL,
Secretary Democratic City Committee.

Endorsing Mr. Sherburne.

The School Committee of the City of Boston
Office of the Superintendent.

November 27, 1919.

Honorable William E. Marvin, Attorney at Law,
Portsmouth, N. H.

Dear Sir—I remember Mr. Edward P. Sherburne, Master Emeritus of our Boston schools, with kindest esteem. He was an able, enterprising principal in our Boston school system. He has particularly the qualities of leadership and insight into problems of the common people. I personally wish him every success in his present enterprise in the city of Portsmouth.

Very truly yours,

FRANK V. THOMPSON,
Superintendent of Public Schools.
